EDUCATION

PIMPRI CHINCHWAD COLLEGE OF ENGINEERING　　　　　　　　　　　　Pune, Maharashtra
Bachelor of Technology　　　　　　　　　　　　　　　　　　　　　　　Expected June 2025

　　　　Major in Computer Engineering
　　　　CGPA: 9.01
　　　　Relevant Coursework: Data Structure and Algorithm(DSA),Software Engineering , Database management
　　　　System(DBMS),Computer Network(CN),Design and Analysis and Algorithm(DAA),Object Oriented Programming(OOPs).

PERSONAL PROJECTS

Car Wash Management System

- Developed a full-stack web application using HTML, CSS, JS, MySQL, PHP to create a Car Wash Management System.
- Implemented all the features of SDLC using Agile methodology

To Do List

- A user-friendly Todo list website that helps you organize tasks efficiently.
- Create, prioritize, and manage tasks with ease. Intuitive interface, customizable lists, due dates, and reminders keep you on from any device, ensuring your tasks are always at your fingertips.
- Simplify your life with this powerful yet straightforward todo list website.
- HTML,CSS, JavaScript

Sudoku Solver

- The "Sudoku Solver Project" represents a multifaceted endeavor that serves as a comprehensive demonstration of several core principles in the realm of Data Structures and Algorithms (DSA).
- By incorporating advanced JavaScript functionalities, this project not only addresses the intricacies of solving Sudoku puzzles but also showcases the application of DSA in real-world scenarios.
- HTML, CSS, JavaScript, Data Structures and Algorithms.

Student Management System

- Developed an Object-Oriented C++ system for efficient student record management .
- Implemented secure login and streamlined data insertion and retrieval.

ACHIVEMENTS

- Secured Global Rank of **212** in **Codechef Starter 85.**
- Secured **Rank 15** in CodeWars College Level Competition.
- Solved More Than **200+** questions based on **Data Structure And Algorithms.**
- Solved More Than **200+** questions based on **various Coding Platforms like**
  Codeforces, Codechef, Leetcode, GFG, HackerRank.
- **2* at Codechef (max rating 1490).**

ADDITIONAL

Technical Skills: C++, C, React, JavaScript, Java, HTML, CSS, Node.js, React.js, Git, GitHub, SQL.
Languages: English, Hindi, Marathi

SOFT SKILLS

- Strong communicator, adept at teamwork and collaboration ,go-getter.
- Participated in a team at "Blue-bit Hackathon".
